General

For new installations, offering high free area. COTEL96 has a highly efficient retro-fit cowl and requires no mortar for fitment. The cowl has a keyed surface permitting sequent painting. The face-fit internal vent is a KVH16A and the liner is a KVH20. The cowl and KVH16A both have large spigots giving a 160mm adjustment range. It is important that this vent is not blocked when installed.
